

NASA INTERNSHIP PROGRAM (NIP) AT GLENN

Project Description:

NIP is a center unique college internship program conducted at the NASA Glenn Research Center. The program provides a 10-week paid summer and 16-week fall and spring internship opportunity for students pursuing degrees in Science, Technology, Engineering, and Mathematics (STEM); and non-STEM majors that lend support to the NASA mission. Students spend their tenure learning and working at the NASA Glenn Research Center facilities under the guidance of a mentor while engaging in authentic NASA-related, mission-based R&D and career-related activities. The educational component allows students to attend and participate in a variety of planned activities such as Conference Day, Career Showcase and a Student Poster Session. The program provides hands-on experiences that challenge, inspire, and promote practical application, complementing and expanding upon students' theoretical education.

Eligibility Requirements:

For consideration in this project, an applicant must be a U.S. citizen and meet each of the following criteria:

- Full-time student pursuing a baccalaureate or higher degree in a field of science, technology, engineering, mathematics or business related field at an accredited college/university
- College-bound graduates (high school seniors) or students attending an accredited 2-year college
- The applicant must have a minimum cumulative GPA of 3.0 on a 4.0 scale
- The applicant must begin on scheduled start date and participate on a full-time basis, Monday through Friday (40 hours per week), for the entire tenure

Benefits:

- Hands-on experiences
- Mentoring and role models
- Exposure to NASA careers
- Enrichment activities
- Communication and collaboration
- Salary based on academic level

2019 Start/End Dates:

Spring Session: January 7, 2019 – April 26, 2019
 Summer Session 1: June 3, 2019 – August 9, 2019
 Summer Session 2: June 10, 2019 – August 16, 2019
 Fall Session: August 26, 2019 – December 13, 2019

Application Information:

Application season for students to apply can be found at the Launchpad site at <https://intern.nasa.gov/>
