12:30-1:30pm

Contact: Jane Tran
jane.tran@hatchmott.com
cell: (408)207-5436

Clover Avenue Elementary:

Come join ASCE MLAB YMF at our first “Curious George” visit this year. Once again, we will be visiting Clover Avenue Elementary School and teaching fifth-graders about Engineering, Math and Science. There will be a fun interactive lesson designed to help stimulate students’ natural curiosity for building and creating! Last year’s events were a huge success, so don’t miss out on this one!

For more details and to become a volunteer, please contact Jane Tran (jane.tran@hatchmott.com). You can also visit the Curious George website (www.pbskids.org/curiousgeorge) to learn more about Curious George.

Location Map: 11020 Clover Ave, Los Angeles, CA 90034
