Walk-In Centers

CECS
Information Systems:

Location:
 JD1112, JD1113

Hours:
M - Th 7:30am - 9:00 pm
F: 7:30am - 5:00pm
S: 9:00am-1:00pm
Phone: 818.677.3919

IT Help Desk:

Location:
Oviatt Library, First Floor,
Learning Commons

Hours:
M - Th 8:00am - 8:00pm
F: 7:00am - 5:00pm
Sat & Sun: 12:00-5:pm

 Phone: 818.677.1400

Welcome to the College of Engineering & Computer Science!

California State University Northridge

CSUN CECS
Information Systems

CECS Student Guide to Technology Service

Information Inside

- CSUN Account
- Lab Access
- Wireless
- Z Drive
- CSUN Email
- Anti—Virus
- SSH/SCP

CSUN Accounts

Each CSUN student receives a username and password when enrolled. This username and password is the key to unlocking a variety of campus activities. ie myNorthridge Portal, Computer Labs, Email.

CSUN Account Information Page:
http://www.csun.edu/account

CECS Labs

Common Lab (All CECS Majors): JD1622C

Computer Science: JD1104, JD2211, JD2214, JD2215, JD2217

Mechanical Engineering: JD1116

E - Mail

Webmail Interface URL is:
http://my.csun.edu

Email address format:
"<firstname>.<lastname>.##@my.csun.edu"

CECS Z Drive

All CECS students automatically have a network file system that appears on any system they log into in Jacaranda Hall. This network drive can be used as a storage location for personal files. The drive is labeled "CECS Z: Drive" under "My Computer". Secure file transfer can be used to access the Z Drive from home.

Off Campus Access

A UNIX prompt to the CECS servers and workstations is available, which can be accessed with SSH.
A SSH/SCP client can be downloaded from:
http://www.csun.edu/itr/downloads/index.html
SCP (Secure File Transfer Client) access is also available for students to download and upload files from their Z Drive/ UNIX home directory.

Hostname for SSH and SCP Server:
"k200.ecs.csun.edu"

A VPN Client is also available at http://www.csun.edu/itr/downloads/index.html

Information regarding RGS and SAM can be found at: http://www.ecs.csun.edu/rgs/Software.html

Anti —Virus

All CSUN students are entitled to download a copy of Microsoft Security Essentials for home or laptop computer. Go to http://www.csun.edu/itr/downloads/index.html to download your copy.

Wireless

Wireless internet services are available to all CSUN students while on campus.

To connect to he campus wireless network, simply connect to the network named "eduroam." You will be prompted to login.

EduRoam grants you access to the internet without having to log in everytime.

The "csun" wireless network is not secure and should only be used when you're not able to connect to connect to eduroam.
