• Once you have launched Terminal you can keep it in the dock for faster execution. Right-click on the Terminal icon in the Dock. Select **Keep in Dock**, this will keep the icon in the Dock.

- At the command line type in: ssh <u>username@k200.ecs.csun.edu</u>
- Next you might be ask to accept an RSA key Fingerprint, you will have to type "yes" to continue.
- Next type your CSUN password

Some useful Unix commands

- Printing: lp –djd2215 file2print
- Changing shell: bash

To exit bash: exit Bash is automaticly setup to use history and auto finish name
