Greetings AIMS² students,

Welcome to the 2020-21 AIMS² program! I hope everyone is safe and healthy and you are all set for the fall 2020 semester ahead. If you are a continuing student from Cohorts 1-4, congratulations! You have demonstrated your commitment and persistence through your academic performance and through your active involvement in all the AIMS² program activities. If you are a Cohort 5 transfer student welcome aboard! You are joining over 100 returning students from Cohorts 1-4 as we enter the fifth and final year of our program that is supported with an HSI-STEM grant from the US Department of Education. Our program has been recognized nationally and internationally for the work we do to support student success. We were recognized as the national program of the year with the 2019 Example of Excelencia award in the baccalaureate program category. Student Selection : CSUN

- To be eligible, STEM majors must be an individual who has faced or faces social, cultural educational or economic barriers to careers in STEM and be a US Citizen or Permanent Resident. Complete an online application.
- **Enroll and complete a minimum of 24 units/year and pass all courses with grades of C or better.**
- **Participate in peer mentoring program (Mandatory for students in Cohort 5).**
- **Attend all scheduled meetings with designated faculty mentor.** Selected students eligible to participate in paid UG research activities starting spring 2021.
- All students eligible to receive bi-annual textbook awards of \$ 500 (at the end of fall/spring semesters) upon meeting requirements.
- Tutors and Peer Mentors.
- RA's and Tutors paid at \$ 15/hour. Peer Mentors paid \$ 17/hour.

Cohort 5 Recruitment

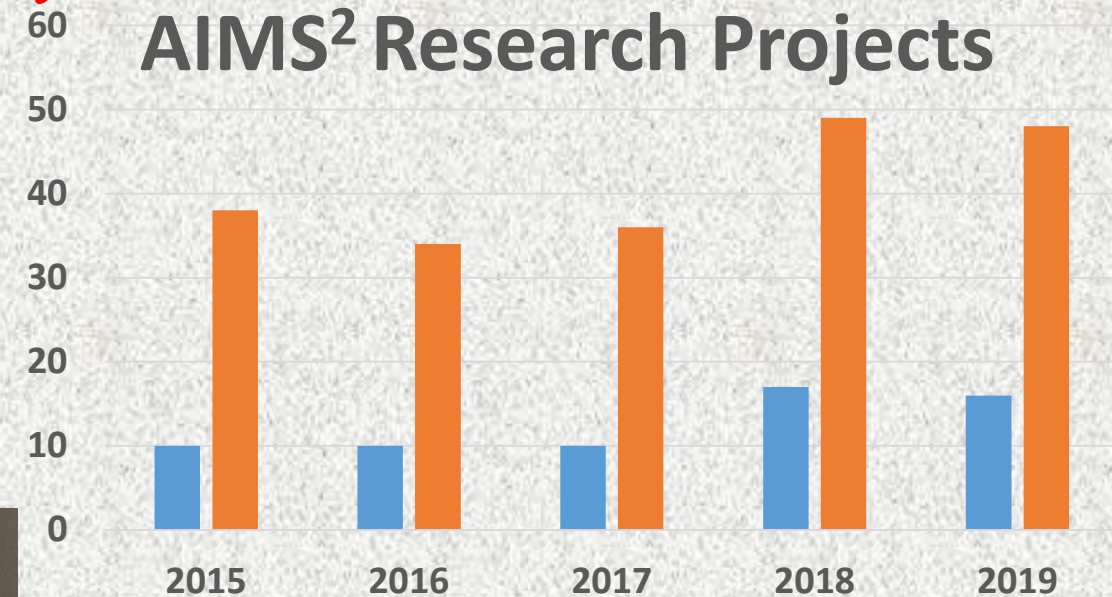

- Over 410 eligible FTT students invited to complete online application. Application open from June 5 – July 15
- Received 83 applications
- Selected 37 FTT and invited to submit signed contract
- Assuming all students accept we will have a total of 150+ students in Cohorts 1-5 beginning fall 2020

■ Number of Projects ■ Students

- Number of projects – **63**
- Number of students – **205**
- Number of faculty – **57**
- Approximate # of hours of paid research – **37,000**

What works for Latinos in Higher Education:

2019 Example of Excelencia in the Baccalaureate degree program category

- **Increased persistence and completion** (3 Year Transfer Graduation rate of 70 % for transfers. Cohort Persistence rate of 86 %)
- **Increased completion of gateway courses** (67 % - 80% across partner institutions)
- **Increased Latino degree completion in CECS** (Tripled # of graduates from 57 to 171 in five years)
- **Fostered positive career outlook** (100 % of cohort students felt prepared compared to 63 % of other students.
