

Dr. Robert Ryan earned Bachelor's and Master's Degrees in Engineering at CSUN prior to earning his PhD in Mechanical Engineering from UCLA in 1994. He has been teaching at CSUN since 1981, and has taught a large number of courses in the mechanical engineering program. His main areas of expertise are heat transfer, fluid mechanics, thermodynamics, and experimental methods. He is currently supervising the Human Powered Vehicle senior design project, and is the Faculty Advisor for CSUN's American Society of Mechanical Engineers (ASME) Student Section.
