

Karla Pelletier (Johnson-Majedi)

Center Director, Student Services Center/EOP Satellite, CSUN
Ed.D., Pepperdine University, 2002

- CECS Satellite Director (1995-present) Educational Opportunity Program (EOP)
Established in the Fall of 1968 by a legislative mandate, EOP focuses on highly motivated low-income, first-generation college students. EOP designs, administers, and supports programs that deliver access and retention services to CSUN students. The EOP Satellite in the College of Engineering and Computer Science (CECS) provides specialized services including, individualized academic advisement, scholarships, and professional development
- Campus Coordinator (2003-present): NSF Louis Stokes Alliance for Minority Participation Program (LSAMP). This project is part of a California State University (CSU) system-wide grant project supported by the National Science Foundation. The project goal is to increase the number of students graduating with baccalaureate degrees in Math, Science, and Engineering majors. At Cal. State University Northridge, project activities include, a 4-week calculus summer workshop, an academic year research program, as well as academic year facilitated academic workshops
- Director (1995-2003): MESA Engineering Program (MEP). The Mathematics, Science, Engineering and Achievement Engineering Program (MEP) (formerly the Minority Engineering Program) provided support to undergraduate engineering and computer science majors at CSUN. Services included tutoring, academic excellence workshops, academic preview and review, a student study center, and academic advisement
