

HPVC WEST PARKING INSTRUCTIONS (UPDATED 4-6-10)

Friday afternoon/evening: We have pre-paid for parking permits so that competitors and judges can park in Lot D6 for free. You will pick up these parking permits when you check in at the registration area in Jacaranda Hall.

CSUN's parking office has recommended that you pick up a "30 minute drop off/delivery permit" in order to prevent getting a ticket between the time you park and return with the permit. This temporary permit can be picked up at either of the Information Booths. Information Booth 2 is the most convenient; it is located on the west side of campus on Prairie St. After picking up the permit, you will need to return to Reseda Blvd (e.g. by turning left on W. University Dr. and then left on Vincennes) in order to head north on Reseda Blvd to Halsted St. Turning right (east) on Halsted will take you to the entrance to Lot D6. When parking, do your best to only occupy one parking spot, or at least minimize your footprint as best you can, so we can efficiently share the lot with other users.

Saturday and Sunday: Parking in the pit areas on Saturday and Sunday is free to competitors during the designated duration of the events. Parking elsewhere on campus, or in the pit areas after the event has concluded, will require the purchase of a \$6 daily permit at one of the Information Booths or at a permit dispenser. Consult <http://www-admn.csun.edu/parking/general.htm> for more details.
